

Outlineoffungi.org - Note 245, [Leotiales](#)

[Leotiales](#) Korf & Lizoň

[Haelewaters et al. \(2021a\)](#) introduced *Lichinodiales* as a synonym of [Leotiales](#) and accommodated *Lichinodiaceae* *Leotiales* based on the phylogenetic reconstruction of a 15-locus dataset (D. Haelewaters).

Reference

Haelewaters D, Park D, Johnston PR. 2021a – Multilocus phylogenetic analysis reveals that *Cyttariales* is a synonym of *Helotiales*. *Mycological Progress* 20(10), 1323–1330.
