

## Outlineoffungi.org - Note 368, [Paraeutypella](#)

[Paraeutypella](#) L.S. Dissan. et al.

[Dissanayake et al. \(2021\)](#) introduced [Paraeutypella](#) to accommodate [P. guizhouensis](#) (the type species), *P. citricola* and *P. vitis*. [Paraeutypella](#) is characterized by having 4-25 perithecia in a stroma each with 3-6 sulcate, long ostiolar necks ([Dissanayake et al. 2021](#)) (M. Erdoğan).
