

**Outlineoffungi.org - Note 538, *Windipila***

***Windipila*** M. Krings & C.J. Harper (fossil)

*Windipila* is represented by two species, viz., *W. pumila* recorded from the Windyfield chert and *W. spinifera* from the Rhynie Chert (Early Devonian) of Scotland. The affinity of this fungal genus is unknown (R.K. Saxena).
