

Outlineoffungi.org - Note 558 *Albocoprinus* - morph notes

Albocoprinus Voto

[Voto \(2020\)](#) introduced the new name *Albocoprinus* for illegitimate genus name *Coprinopsis*. *Albocoprinus* was introduced based on *Albocoprinus ealaensis* as the type and genus was accepted in Agaricales genera *incertae sedis* ([Voto \(2020\)](#)). No asexual morph was reported.
